As per User-Required (User-Friendly)	/4		
Total 3		**/8**	

Others			
Creativity	/4		
Presentation	/4		
Total 4		**/8**	

Grand Total	**/40**

Overall Comments:

Rubric Web Project

Criteria	Poor (0)	Fair (1)	Good (2-3)	Excellent (4)
Security	No session management and no form validation.	Some sessions management present but not complete.	Sessions management is consistently coded. Form is easy to read and validated.	Sessions management is well managed. Form is well verified and validated.
Functionality (CRUD-Create, read, update, delete)	Code will not run. HTML will not display.	HTML will display a page but will not carry out CRUD functions.	Web application has consistent look and feel and will perform all CRUD functions.	Web application has consistent look and feel and will perform all CRUD functions. Some testing scenarios are provided.
Usability of user interface	Layout has no structure or organization.	Text broken into paragraphs and/or sections	Organized and consistent; good formatting.	Appearance of the page looks professional.
